NEW YORK MEDICAL CENTER INPATIENT SUBSTANCE USE DISORDER SERVICES

Thank you for your interest in the Inpatient SUD Program. To initiate a referral, please complete the application and have the client complete the Client Questionnaire. When completed, fax all the requested information to 716-961-9812, attention admissions. If you have any questions regarding the admission process, please call 716-961-7457 to speak directly to the admissions office.

PROGRAM INFORMATION

The Inpatient SUD Unit is a 25-bed co-ed unit for individuals age 18 or older who have a substance use disorder. Clients receive comprehensive, integrated inpatient therapy from a multi-disciplinary team. This team includes a psychiatrist, nurse practitioners, certified addictions counselors, registered nurses, case managers, social workers and support staff.

The program provides individual, group, and family therapy through an individualized treatment program in which aftercare planning and referral involvement are key components.

Clients participate in structured groups daily, ranging in intensity from educational/didactic groups to recreational therapy. Also, clients receive individual sessions with addictions counselors. Trauma-informed treatment is aimed at assisting our clients with the achievement of lifelong recovery, self-sufficiency, and personal success using evidence-based practices.

Included in this packet:

- Referral application (to be completed by referral source)
- Client Questionnaire (to be completed by prospective client)
- Aftercare letter (to be signed by prospective client)
- Program information for prospective clients
- Client handbook
- Program schedule

ADMISSION CRITERIA ****PLEASE READ**** **(to be completed/signed by referral source)**

_____ **Must be 18 years of age or above**

_____ **Current substance abuse diagnosis**

_____ **Meets criteria for inpatient substance use disorder treatment under the American Society for Addiction Medicine's Patient Placement Criteria (ASAM PPC-2R)**

_____ **Psychiatric symptoms must be stabilized and must not warrant admission at a different level of care (e.g., inpatient psychiatric treatment) or will not potentially interfere with client's participation in treatment at our program.**

_____ **Medical problems must be stabilized and must not interfere with the client's participation in the treatment program.**

_____ **Must have a form of payment (we accept most commercial insurances, Medicare, New York State Medicaid or private pay)**

_____ **While we make referrals to residential programs for our clients, the client should have permanent housing prior to their admission. If this is not in place, homeless shelters will be utilized as appropriate housing upon discharge.**

_____ **Client may be withdrawn from addictive or potentially addictive substances if historically abused. Methadone and buprenorphine are allowed but the client must already have a prescription and these medications should be prescribed for opiate maintenance therapy only. Additionally, they must be able to return to their prescriber otherwise it will be discontinued before discharge. Client may begin MAT if recommended only with collaboration with community-based provider for maintenance.**

_____ **Our program is voluntary. The client must consent to treatment and must agree to follow all program rules and routines.**

_____ **The client must be capable of functioning within the program. They must have at least a minimal ability to read and write, and their cognitive functioning should not impede their ability to progress within the treatment program.**

The statements above are true and accurate as reported by me. I have read the admissions criteria and understand that if the client arrives to treatment and they are not appropriate they will be discharged.
